

Receipt for Order TC-25876

Your order has been placed, and our laboratory awaits the arrival of your specimen. Please follow the steps below to send us your tick and complete the order process.

1. Remove the tick. Place it into a **clean, sealable plastic bag**. A household Ziploc bag works well. **Nothing else should be included inside the plastic bag.** Ensure it is sealed. There is no kit sent to you.
2. Put the tick, and your Tick Test Voucher (page two of this form), into a letter envelope or padded envelope. We can accept specimens sent via U.S. mail, overnight service, or courier service. Mail your specimen and voucher to our laboratory at this address:

*TickCheck
562 Independence Rd
Suite 114
East Stroudsburg, PA 18301*

We **strongly recommend** shipping the specimen with a **tracked service**, such as **USPS Priority Mail, FedEx, or UPS.**

If shipping via USPS, the shipment will be delivered to the ESU campus mail facility for sorting. This may add a 1-day delay. Any mail shipped via courier service (FedEx or UPS) must arrive during business hours (9am-5pm) or it will be delivered the next business day. Do not require signature.

Please note that it is normal for there to be a delay between when your shipment is marked as delivered by your carrier and when it is checked-in by our laboratory.

3. You will receive email and/or text message notifications when we receive your tick and start the testing process. To check your test status at any time, go to tickcheck.com/status and enter your Test ID.
4. We will contact you via email and text message with your results once they are available.

Once we receive your tick, you will receive your testing results within 2-5 business days. If you have not received a status update notification within five business days after reception, please email us at support@tickcheck.com.

Receipt for Gary McComas

Basic Panel	\$49.99
